

Shafter Community Emissions Reduction Program

February 13, 2020

Key Strengths

- Focus of investments in local, community-centric projects
- Clear identification of funding amounts and metrics for tracking progress
- Community-based leadership within committee

Recommended Actions to Strengthen Implementation

Staff identified areas for the Air District, CARB, DPR and steering committee to work together on:

Strategy Prioritization

Pesticides Actions

Funding Allocation

Community Emissions Data

Lessons learned during the first year will help future communities address implementation during the planning process.

Staff's Recommendation

- Approve the Shafter community emissions reduction program
- Direct CARB staff to work with the Air District and DPR to take actions to strengthen implementation
- Direct the Air District to include progress updates on identified actions in annual reports
