

# **San Bernardino, Muscoy Community Emissions Reduction Program**

September 10, 2020

# Key Strengths

- Focus on accessibility and transparency
- Creation of Technical Advisory Group
- Integrated set of strategies to target key community concerns
- Commitment to reduce railyard emission by developing a Indirect Source Rule

# Recommended Actions to Strengthen Implementation

Staff identified areas for the Air District, CARB, and steering committee to work together on:

Prioritize  
Strategies

Utilize Enforcement  
Feedback

Address Indirect  
Sources

Incorporate Newest Air  
Quality Tools

Lessons learned during the first year will help future communities address implementation during the planning process.

# Program Implementation Updates

## Neighborhood Truck Traffic

- Regulatory advances (Warehouse Indirect Source Rule, Advanced Clean Trucks, Omnibus)
- Quarterly idling sweeps
- Webcast to stakeholders on available incentives

## Railyards

- Regulatory advances (Railyard Indirect Source Rule, joint CARB/SCAQMD outreach)
- Monitoring conducted

## Impacts on Schools, Childcare Center, and Homes

- Provided information on Safe Routes Partnership to Community Steering Committee in May 2020
- Developed list of schools prioritized for air filtration
- Began funding process Spring 2020 for schools prioritized for air filtration

# Program Implementation Updates

## Warehouses

- SCAQMD Proposed Rule 2305 (Warehouse Indirect Source Rule) preliminary draft rule language released November 2019, expect public hearing in the first quarter of 2021
- SCAQMD initiated collaboration with Southern California Edison for warehouse zero emission infrastructure outreach

## OmniTrans

- Monitoring conducted Summer 2019 and ongoing; facility inspections conducted
- SCAQMD has provided support letters for Omnitrans grant proposals to transition to zero emission buses

## Concrete and Asphalt Batch and Rock and Aggregate Plants

- Monitoring conducted Summer 2019 and ongoing, with periodic updates to the Community Steering Committee
- All facilities inspected
- Provided complaint process information to Community Steering Committee

# Staff's Recommendation

- Approve the San Bernardino, Muscoy community emissions reduction program
- Direct CARB staff to work with the Air District and community steering committee to strengthen implementation
- Direct the Air District to include progress updates on identified actions in annual reports
