Auction Notice
California Cap-and-Trade Program and
Québec Cap-and-Trade System
Joint Auction of Greenhouse Gas Allowances
On November 14, 2018
Update Issued on October 19, 2018

Auction Summary

This document, the Auction Notice for the California Cap-and-Trade Program and the Québec Cap-and-Trade System Joint Auction of Greenhouse Gas Allowances on November 14, 2018 (Auction Notice), is the official notification for the November 14, 2018, joint greenhouse gas (GHG) allowance auction (November 2018 Joint Auction #17). The November 2018 Joint Auction #17 will offer year(s) 2016, 2017, and 2018 vintage allowance(s) in the Current Auction and year 2021 future vintage allowances in the Advance Auction. In the Compliance Instrument Tracking System Service (CITSS) and Auction Platform, the November 2018 Joint Auction #17 is identified by the title Joint Auction/Enchère Liée #17.

Additional background information, detailed instructions, and examples are posted in two supporting documents to provide information for 2018 auction events. The Detailed Auction Requirements and Instructions document provides background information on the California Cap-and-Trade Program and the Québec Cap-and-Trade System as well as detailed requirements and instructions for participating in a joint auction, including eligibility, auction applicant requirements, submitting a bid guarantee,¹ bidding, and a description of the process to complete auction financial settlement and transfer of allowances.

The Auction Examples document provides information and examples of how United States (U.S.) and Canadian currencies are managed; how to determine the amount of a bid guarantee; and bid evaluation procedures for purchase limits, holding limits, and bid guarantees.

¹ The term “bid guarantee” will be used throughout this document to refer to “bid guarantee” as described in the California Regulation, and to “financial guarantee” as defined in the Québec Regulation.
Date and Time of Auction

The November 2018 Joint Auction #17 is scheduled to take place on November 14, 2018 from 10:00 AM Pacific Time (PT) / 1:00 PM Eastern Time (ET) until 1:00 PM PT / 4:00 PM ET.

The Auction Platform can be accessed at:

California:  https://www.wci-auction.org/ca
Québec:      https://www.wci-auction.org/qc

Allowances Offered for Sale

The auction of allowances from the current and previous budget years is known as the Current Auction. The auction of future vintage allowances is known as the Advance Auction. The Current Auction and Advance Auction will occur simultaneously at the date and time identified in this Auction Notice.

Allowances offered for sale in the November 2018 Joint Auction #17 are issued under the California Cap-and-Trade Program and the Québec Cap-and-Trade System. The number of allowances listed for the Current Auction includes California and Québec allowances and allowances consigned by California electrical distribution utilities and natural gas suppliers (consigning entities) and potentially other parties as described in the California Cap-and-Trade Regulation (California Regulation). In addition, the allowances listed for the Current Auction can include allowances that remain unsold from an undersubscribed Current Auction in prior quarters and are returned to auction after two consecutive Current Auctions have resulted in a settlement price above the Auction Reserve Price. Additional allowances may also be made available arising out of each of the jurisdictions’ regulatory provisions, including allowances with earlier vintages than the current calendar year or allowances that have no vintage, such as Early Reduction Credits issued by Québec, and allowances from the Québec Minister’s reserve account. The number of allowances that will be available for sale in the Current Auction and Advance Auction are provided in Table 1 below.

2 For specific treatment of unsold allowances in California’s program, see the Guidance on Treatment of Unsold Allowances on the California auction webpage.

Update Issued on October 19, 2018
Originally Issued on September 14, 2018
For the November 2018 Joint Auction #17, there will be multiple vintages offered within the Current Auction. When submitting bids for the Current Auction, all bids are placed as “Current” vintage. For allowances awarded in the Current Auction, allowances will be transferred to successful bidders according to the requirements of both the California Regulation and the Regulation respecting a cap-and-trade system for greenhouse gas emission allowances (Québec Regulation). The number of allowances offered by vintage in the Current Auction conducted in November 2018 Joint Auction #17 are provided in Table 2 below.

Table 2: Current Auction Allowances Offered for Sale by Vintage

</tr>
</tbody>
</table>

Note: Vintage year 2016 numbers now accurately reflect adjustments made for retirements equal to the amount of EIM Outstanding Emissions pursuant to section 95852(b) of the California Regulation. Vintage year 2017 numbers are adjusted in a corresponding amount to ensure the total number of re-designated unsold allowances continues to meet the 25 percent requirement of section 95911(f) of the California Regulation. The overall amount of current auction allowances offered for sale in the November 2018 Joint Auction remains unchanged. The overall amount of allowances that remain unsold from previous auctions in the Program is also unchanged.
Annual Auction Reserve Prices

The Annual Auction Reserve Prices refer to the minimum prices set and released annually by each jurisdiction in accordance with Section 95911 of the California Regulation and Article 49 of the Québec Regulation. The respective Annual Auction Reserve Prices for California (CA) and Québec (QC) will be used to determine the Auction Reserve Price for each joint auction, the day prior to the joint auction event.

The Annual Auction Reserve Prices for CA and QC are provided in Table 3. The CA Annual Auction Reserve Price is presented in United States Dollars (USD). The QC Annual Auction Reserve Prices are presented in Canadian Dollars (CAD). The Auction Reserve Price will be determined as the higher of the Annual Auction Reserve Prices established in U.S. and Canadian dollars after applying the established Auction Exchange Rate (USD to CAD FX Rate).
The Auction Exchange Rate (USD to CAD FX Rate) in effect the day of a joint auction and for financial settlement by qualified bidders will be determined the business day prior to each joint auction as the most recently available daily average exchange rate for U.S. and Canadian dollars as published by the Bank of Canada, and will be displayed in the Auction Platform.

This Auction Exchange Rate (USD to CAD FX Rate) and Auction Reserve Price are required for joint auction currency management and are described in further detail in the Detailed Auction Requirements and Instructions document.

</tbody>
</table>

3 The term “Annual Auction Reserve Price” will be used throughout this document to refer to the “minimum price” as defined in the Québec cap-and-trade regulations.
Auction Application Requirements and Instructions

I - Eligibility

All entities eligible to apply to participate in an auction under the California Cap-and-Trade Program or Québec Cap-and-Trade System are eligible to apply to participate in a joint auction. California covered entities, opt-in covered entities, and voluntarily associated entities (CA entities) are eligible to apply to participate in a joint auction. Québec emitters and participants (QC entities) are eligible to apply to participate in a joint auction.

An entity\(^4\) applying for approval\(^5\) to participate in an auction must be registered under the California Cap-and-Trade Program or Québec Cap-and-Trade System and have a CITSS General Holding Account that has not been suspended or revoked.\(^6\)

II – Auction Application Requirements

Entities submit auction applications in CITSS. CITSS can be accessed at https://www.wci-citss.org. An entity is required to complete an auction participant application in CITSS at least 30 days prior to an auction in which it intends to participate. Information submitted in the auction application process in CITSS includes the following:

a) Confirmation of the auction event in which the participant intends to bid
b) Information on the form(s) of bid guarantee, currency, and return instructions
c) Completion of an Attestation

After entering the information listed above, auction applications are then confirmed and submitted in CITSS.

\(^4\) The term “entity” refers to the companies and individuals registered under the respective cap-and-trade programs of California and Québec. Under Québec’s cap-and-trade program, entities are known as emitters and participants.

\(^5\) The term “approval or rejection to participate in an auction” will be used throughout this document to refer to approval or rejection to participate in an auction as described in the California Regulation and Québec Regulation.

\(^6\) The account must not be revoked or suspended in accordance with Sections 95814(a), 95832(f)(4), 95835(c)(2), 95921(g)(3), or 96011 of the California Regulation and Section 46 of the Québec Regulation. A revoked account has a status of “Closed” in CITSS.
Auction application information also includes information submitted in the process of obtaining a CITSS account:
   a) Corporate identity, ownership, and capital structure of the applicant
   b) The existence of any direct or indirect corporate associations
   c) An allocation of the purchase limit and holding limit among associated entities, if applicable

Auction application requirements are described in further detail in the Detailed Auction Requirements and Instructions document.

**Auction Schedule**

Table 4 presents the current schedule for activities associated with the November 2018 Joint Auction #17 (Auction Schedule). Any changes to the Auction Schedule will be communicated through an updated Auction Notice and by email to the Primary Account Representative (PAR) and Alternative Account Representatives (AARs) of California and Québec registered entities that have been qualified bidders in past events or that have submitted an event application to an upcoming event.

</table>
Procedures for Conducting the Auction

Each quarterly joint auction will be conducted using an electronic, internet-based Auction Platform that bidders use to submit bids in a single-round, sealed-bid auction format.

As described above, each entity must submit an application, or for CA Entities confirm its intent to bid, in an auction in CITSS. Financial Services Delivery Instructions will be available from CITSS, and all final bid guarantees must be received by the Financial Services Administrator by no later than the date and time listed in the Auction Schedule. The Jurisdictions will approve or deny applicants for an auction within two (2) business days of the scheduled auction date.

Procedures for conducting the auction are described in further detail in the Detailed Auction Requirements and Instructions document with specific examples provided in the Auction Examples document.

Form and Manner for Submitting Bids

Participants will be able to submit bids manually and upload bid schedules in a pre-defined Excel template in the Auction Platform during the bidding window. Bid quantities can only be submitted in multiples of 1,000 allowances, i.e. 1 bid lot equals 1,000 allowances. Bids for both the Current Auction and the Advance Auction will be accepted during the same scheduled 3-hour bidding window. The form and manner for submitting bids are described in further detail in the Detailed Auction Requirements and Instructions document with specific examples provided in the Auction Examples document.

Auction Participant Training Materials

An Auction Participant Training presentation for CA entities is available on the California Air Resources Board (CARB) Auction Information webpage. An Auction Participant Training presentation for QC entities is available on the Québec ministère du Développement durable, de l’Environnement et de la Lutte contre les changements climatiques (MDDELCC) Carbon Market webpage. Each presentation includes information on regulatory requirements for auction participation, the auction application

7 Ministry of Sustainable Development, Environment and the Fight against Climate Change.
process, bid guarantee submission, bid submission, settlement price determination, and financial settlement processes for auctions.

Training materials are also available from the Auction Platform, and include a calendar of upcoming activities, Frequently Asked Questions (FAQs), the Auction Participant Training presentation, and an Auction and Reserve Sale Platform User Guide. Training materials are available in English for CA entities and both English and French for QC entities.

**Auction Participant Training Webinar**

Québec will hold an auction participant training webinar to describe how to apply for a joint auction and submit bids in the Auction Platform, as well as how to submit a bid guarantee. The webinar will be presented in French by Québec. Any person interested or considering participating in a joint auction is invited to participate in this training webinar.

The details for the auction training webinar is provided below.

**Québec Auction Participant Training Webinar #1 (French)**
Date: Thursday, October 4, 2018
Time: 7:00 AM – 9:00 AM PT / 10:00 AM – 12:00 PM ET

All PARs and AARs of Québec registered entities will receive an invitation to the Webinar. If you are not representing a Québec registered entity but wish to participate in this session, contact MDDELCC’s Carbon market team at: spede-bcc@mddelcc.gouv.qc.ca.
