TIRE DOCUMENT REQUIREMENTS

In addition to filling out tire information in the trailer certification application, manufacturers are required to submit a supporting document that includes a copy of a letter from the tire manufacturer or test lab with following information:

- Tire company/test lab letterhead
- Date
- Letter must be addressed to the trailer manufacturer
- Tire manufacturer or test lab must attest that the tires listed were tested and the Coefficient of Rolling Resistance (CRR) was determined in accordance with 40 CFR 1037.520 of the Final Rule for Greenhouse Gas Emissions and Fuel Efficiency Standards for Medium- and Heavy-Duty Engines and Vehicles – Phase 2 dated October 25, 2016.
- A table of:
  - Tire Model (and load rating)
  - Tire Size
  - Tire CRR - This value should be reported to one decimal place (for example: 5.1) and in units of kg/metric ton.
- List any other information you find to be necessary
- Signature of person from tire company/test lab submitting the tire data
- Tire company/test lab contact info: Name, title, company, etc.
