About the Strategic Growth Council

Our Vision

We advance California’s collaborative efforts to shape how and where we grow, working to achieve equitable and resilient communities and landscapes for all Californians.

Our Mission

The Strategic Growth Council (SGC) coordinates the activities of State agencies and partners with stakeholders to promote sustainability, economic prosperity, and quality of life for all Californians.
Strategic Growth Council Programs

- Transformative Climate Communities
- Affordable Housing and Sustainable Communities
- Sustainable Agricultural Lands Conservation
- Climate Change Research
- Health in All Policies
- Technical Assistance
- Proposition 84 Programs
2016 GHG Emissions by Sector

429.4 MMTCO₂e
2016 TOTAL CA EMISSIONS
Why do we drive so much?

Lack of location efficient housing

Lack of quality low-carbon transportation options
AHSC Program Vision

• Funds infill projects that reduce Greenhouse Gas (GHG) emissions and Vehicle Miles Traveled (VMT) through sustainable land use, housing, and transportation practices.

• Increasing accessibility of housing, employment centers and key destinations through low-carbon transportation options such as walking, biking, and transit.
AHSC Program Accomplishments

• 79 Projects totaling over $697 Million of investments funded across state

- Over 6,200 Affordable Units
- 1.6 Million Metric Tons of CO2e
- Approximately 11,600 Less Cars

# Eligible AHSC Programs and Projects

## Eligible Capital Projects

1. Affordable Housing Development (loan)
   - Housing Construction

2. Housing-Related Infrastructure (grant)
   - Required as Condition of Approval

3. Sustainable Transportation Infrastructure (grant)
   - Transit, Bike Lanes, Sidewalks

4. Transportation-Related Amenities (grant)
   - Bike Parking, Repair Kiosks, Urban Greening, Bus Shelters

## Eligible Programs (3 Year Grants)

1. Active Transportation Programs

2. Transit Ridership Programs

3. Criteria Air Pollutant Programs
TCC Program

Placed based initiative for coordinated, integrated, community driven projects that achieve major environmental, health, and economic benefits in California’s most disadvantaged communities.

TCC Round I Awards

Total Funds

- Fresno: $70 million
- Los Angeles: $35 million
- Third Location: $35 million
- Total: $140 million

108,900 MT CO2e

*These funding amounts are for the FY 2016-2017 TCC Program.
TCC Program Accomplishments

Overview: People, Places, Prosperity is a community-driven movement to achieve measurable and sustainable neighborhood transformation through innovative implementation of GHG reduction projects. This proposal will cultivate a slate of community-identified activities that have been woven together in a robust program to equitably build upon the strengths of our community and will advance long-term solutions. Through a collaborative, community-based governance structure, we will implement projects which add affordable housing, integrate a network of pedestrian/bicycle facilities with high quality public transportation options, increase energy conservation, enhance food security, and create high quality, green jobs. In challenging epistemics ideas of “disadvantaged” communities, this proposal will foster a thriving, resilient community, built to succeed in California’s green economy.

GOALS
- GHG Reduction
- Health: Healthy Air, Healthy Food, Safe & Active Transportation, Safe & Affordable Housing
- Prosperity: Access to Job Training & Careers

PROJECT TYPES
- AHSC: Affordable Housing & Sustainable Communities
  - 103 Affordable Units
  - RIM Bus Passes to Reduce Healthcare Costs
  - 5 Park & Ride Bus Shuttles
  - Downtown Mobility Hub
  - 0.51 Miles of Multi-Purpose Trail in Grove
- LCTOP: Low Carbon Transit Operations
  - 100 Bus Passes for Project Area Residents
  - Transit Training for Project Area Residents
  - Headway Improvements to Omnitrans Route 83
- Urban Forestry: Plant 365 Trees throughout the Project Area
- LWP: Low Income Weatherization Program
  - Ontario Shines 340 kW DC Solar on Multi-Family Housing within the Project Area
  - 199 Solar Systems on Single-Family Homes
  - Job Training & Solar Career Pathway for Project Area Residents
- Organics: Closed Loop Urban Recycling Program
  - Create Compost and Healthy Food for Project Area Agricultural Jobs
- ATP: Active Transportation Program
  - 435 Linear Feet of Pedestrian Improvements (7)
  - Downtown Connector - 1.06 Miles of Class II (7)
  - Mission Blvd. Bike & Pedestrian Improvements (5 Miles Class IV, 3 Miles Pedestrian Improvements, including Landscaping and Bike Kiosk)
- Jobs: Small Business Support Program to Attract & Retain Businesses
  - Small Business Incubator Space
  - Maker Space
  - Connecting Residents to Job Opportunities (Healthcare & Green Jobs)
- Health: Educate & Equip Residents to Pursue Healthy Lifestyles
  - Residents are Informed, Connected & Empowered

STRATEGIES
- Equitable Housing & Neighborhood Development
- Enhanced Transit Access and Mobility
- Convert to Decarbonized Energy/Efficiency
- Divert Waste through Materials Management
- Expand Urban Greening/Infrastructure
- Improved Health & Well-being
- Workforce Development & Education
