

RULE 7.14 Registration Fees for Compression Ignition
(CI) Engines Used in Agricultural Operations
(Adopted 10/1/2007)

1) **REGISTRATION FEES:**

- a) **Applicability:** This rule shall apply to any Compression Ignition (CI) engine used in agricultural operations subject to the Airborne Toxic Control Measure for Stationary CI Engines (Stationary ATCM) or the Airborne Toxic Control Measure for Diesel Particulate Matter from Portable Engines rated at 50 Horsepower and greater (Portable ATCM).
- b) **Application Fees:** Each applicant for a Certificate of Registration authorized by Regulation 4.16 of these Rules and Regulations shall pay an Application Filing Fee pursuant to District Rule 7.4, Application Fees and a processing fee pursuant to District Rule 7.7, District Cost Determination, for each stationary compression ignition (CI) engine used in Agricultural Operations.
- c) **Renewal Fees:**
- i) Each owner or operator shall pay a base annual renewal fee pursuant to District Rule 7.6, Annual Renewal Fees and
 - ii) The District's cost to evaluate emissions data, inspect and monitor the source, and process the Certificate of Registration renewal pursuant to District Rule 7.7, District Cost Determination.
 - iii) The owner or operator of an applicable engine shall pay the fees specified above upon application and annually thereafter. Upon initial registration prior to March 1, 2008, the annual registration fee shall cover the time period from application to March 1, 2009. Annual registration fees thereafter shall cover the period from March 1st to the last day of February in the following year.
- d) **Limitations to Application and Renewal Fees:**
- i) Notwithstanding the above, fees assessed shall not exceed the estimated reasonable costs of evaluating plans required by law or application review, certificate issuance, and monitoring related thereto. The fees shall not exceed the estimated costs of reviewing and issuing

the Certificate(s) of Registration for which the fees are charged.

- ii) Notwithstanding the fees specified above, if the actual costs of processing an application for a Certificate of Registration substantially differs from the fees assessed pursuant to this section, the applicant may be assessed the actual costs as determined by the Air Pollution Control Officer (APCO).
- 2) **INSPECTION FEES:** As determined by the APCO, each emissions unit for which a Certificate of Registration has been issued shall be subject to inspection fees pursuant to District Rule 7.7, District Cost Determination.
 - 3) **TECHNICAL EVALUATION FEES:** The owner or operator of any in-use CI engine used in agricultural operations that is located within a 1/2-mile radius of any receptor location and that requests a compliance extension from the requirement to meet the emissions standards for diesel particulate matter in Rule 11.1. State Airborne Toxic Control Measures, by the applicable deadline may request that a technical evaluation be conducted by the District to verify that the request meets the criteria outlined in District Rule 11.1 for granting such an extension. Any owner or operator making such a request shall pay an additional fee pursuant to District Rule 7.3, Technical Report Fees, and District Rule 7.7, District Cost Determination.
 - 4) **LATE FEES:** If a payment is not received within 60 days of the due date, late fees shall be assessed pursuant to District Rule 7.13, Late Payment.
 - 5) **TRANSFER OF OWNERSHIP:** Each applicant for a Transfer of Ownership of a Certificate of Registration that only involves the transfer of a Certificate of Registration from one person to another, and where no modification of the source has been made, the applicant shall pay a fee pursuant to District Rule 7.12, Transfer Fees.
