June 1, 2006

Dear Sir or Madam:

The staff of the Air Resources Board (ARB) will hold two workshops to discuss ARB’s regulatory and non-regulatory fuels-related activities. These workshops will be the fourth and fifth meetings this year to discuss fuels activities.

Topics may include, but are not limited to, issues relating to the California Phase 3 Reformulated Gasoline (CaRFG3) regulations and the California diesel fuel regulations for vehicular and non-vehicular uses. The main focus of the workshops will be to discuss issues pertaining to updating the CaRFG3 predictive model. A tentative agenda is provided as an enclosure. Final updated agendas may be released a couple of days prior to the workshops. For more information regarding California’s fuel programs, you may visit the Fuels Program webpage at [http://www.arb.ca.gov/fuels/fuels.htm](http://www.arb.ca.gov/fuels/fuels.htm).

The time and place of the first workshop is shown below:

- **Date:** Friday, June 16, 2006
- **Time:** 9:00 a.m. to 12:30 p.m.
- **Location:** California Environmental Protection Agency
  1001 “I” Street, Second Floor
  Sierra Hearing Room
  Sacramento, California 95814

This workshop will be webcast. You may access the webcast at ARB’s homepage, [http://www.arb.ca.gov](http://www.arb.ca.gov). To participate by teleconference, dial (888) 373-3590 and give the participant code: 23260 and leader name: Steve Brisby. In addition, we will also accept comments and questions sent via email to onair@arb.ca.gov.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: [http://www.arb.ca.gov](http://www.arb.ca.gov).
The time and place of the second workshop is shown below:
