EXECUTIVE ORDER D-215-114

Relating to Exemptions Under Section 27156
of the California Vehicle Code

Edelbrock, LLC
Edelbrock Supercharger

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of
the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of
the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That installation of the Edelbrock Supercharger,
manufactured and marketed by Edelbrock, LLC, 2700 California Street Torrance, California
90503, has been found not to reduce the effectiveness of the applicable vehicle pollution
control systems and, therefore, is exempt from the prohibitions of Section 27156 of the
Vehicle Code for the vehicle applications listed in Exhibit A.

The Edelbrock Supercharger consists of the following main components: Eaton TVS
R2650 supercharger with a 3.50" diameter pulley for the 5.7L applications and a 3.25"
diameter pulley for the 6.4L applications, MAP sensor, intake manifold, bypass valve,
intercooler, fuel injectors, and an ECM reflash (no user adjustments). Boost is limited to
14.0 pounds per square inch. The stock air cleaner housing, crankshaft pulley and
thermostat are retained. All supplied fuel hoses are Avon's CADbar 9000 series or a stock
replacement, and fuel and vapor line connectors supplied with the kit are OEM - equivalent
parts. Breather hoses may be replaced with an SAE30R9 rated hose or a stock
replacement.

This Executive Order is valid provided that the installation instructions for the Edelbrock
Supercharger will not recommend tuning the vehicle to specifications different from those
that have been specified by Edelbrock, LLC.

Changes made to the design or operating conditions of the Edelbrock Supercharger, as
exempt by the California Air Resources Board, which adversely affect the performance of the
vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Edelbrock Supercharger advertised, offered for
sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an
ultimate purchaser.

Marketing of the Edelbrock Supercharger using any identification other than those shown in
this Executive Order or marketing of the Edelbrock Supercharger for an application other
than those listed in this Executive Order shall be prohibited unless prior approval is obtained
from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the
Edelbrock Supercharger may have on any warranty either expressed or implied by the
vehicle manufacturer.
Exemption of the Edelbrock Supercharger shall not be construed as an exemption to sell, offer for sale, or advertise any component of the assembly as individual devices.

This Executive Order is granted based information, including test data, supplied by Edelbrock, LLC in support of prior Executive Orders.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE EDELBROCK SUPERCHARGER.

No claim of any kind, such as "Approved by the California Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this [24th] day of September 2019.
