

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-234-8

Relating to Exemptions Under Section 27156
of the California Vehicle Code

JET Performance Products
JET Performance Programmer

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-14-012;

IT IS ORDERED AND RESOLVED: That the installation of the JET Performance Programmer, manufactured and marketed by JET Performance Products, 17491 Apex Circle, Huntington Beach, California 92647, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following Ford vehicle applications listed in Exhibit A.

The JET Performance Programmer is a hand held programmer designed to reprogram the FLASH memory chip located in the vehicle's ECU module. Emission-related data files cannot be modified by the end user. Performance gains are around 10 horsepower.

This Executive Order is valid provided that the installation instructions for the JET Performance Programmer will not recommend tuning the vehicle to specifications different from those submitted by the device manufacturer.

Changes made to the design or operating conditions of the JET Performance Programmer, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any JET Performance Programmer advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the JET Performance Programmer using any identification other than that shown in this Executive Order or marketing of the JET Performance Programmer for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the JET Performance Programmer may have on any warranty either expressed or implied by the vehicle manufacturer.
