

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-57-22

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

Pertronix, Inc.  
Flame-Thrower, Ignitor, Ignitor II, and Ignitor III Ignition Modules

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the Flame-Thrower, Ignitor, Ignitor II, and Ignitor III Ignition Modules, manufactured and marketed by Pertronix, Inc., 440 E. Arrow Highway, San Dimas, California 91773, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following vehicle applications:

Flame-Thrower Ignition Module: 1974 to 1988 model year American Motors engines, 1980 to 1994 model year General Motors engines, and 1983 to 1993 model year Ford engines.

Ignitor, Ignitor II, Ignitor III      1995 and older model year vehicles originally equipped with a breaker points type ignition system.

This Executive Order is valid provided that the installation instructions for the ignition modules will not recommend tuning or altering base timing specifications different from those of the vehicle manufacturer.

This exemption is issued based on information supplied by the device manufacturer which demonstrates that the Flame-Thrower, Ignitor, Ignitor II, and Ignitor III Ignition Modules meet the compliance criteria for ignition system components as specified under "Procedures for Exemption of Add-On and Modified Parts" and therefore, will not increase emissions.

This Executive Order is valid provided that the installation instructions for the Flame-Thrower, Ignitor, Ignitor II, and Ignitor III Ignition Modules will not recommend tuning the vehicle to specifications different from those submitted by the device manufacturer.

Changes made to the design or operating conditions of the Flame-Thrower, Ignitor, Ignitor II, and Ignitor III Ignition Modules, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.
