

Sent to DOORS Fleets with vehicles designated as water trucks

Date Sent: December 12, 2014

Subject: Off-Road Diesel Vehicle Reporting: Water Truck Designations

Dear Fleet Owner/Contact,

Thank you for reporting your off-road diesel vehicles in the Diesel Off-Road Online Reporting System (DOORS) for the California Air Resources Board's (ARB) Off-Road Diesel Vehicle Regulation (Off-Road Regulation). We are contacting you because you have reported and designated a vehicle(s) as a water truck. ARB considers water trucks to be either on-road or off-road vehicles depending on how the vehicles are designed and manufactured. Each are reported and regulated differently. Please check water truck entries in your DOORS account to insure they are correctly designated.

On-Road Water Trucks

Most water trucks are on-road trucks that were manufactured and designed to drive on the road. These vehicles would most likely be subject to either the Fleet Rule for Public Agencies and Utilities, or the Truck and Bus regulation. For more information on complying with the on-road regulations, please visit the Truck and Bus regulation page at: <http://www.arb.ca.gov/msprog/truckstop/tb/truckbus.htm>

Off-Road Water Trucks

Some water trucks are off-road vehicles which were manufactured and designed to drive off-road. Please review your DOORS account, the vehicle(s) you have designated as "Water Truck" in the "Vehicle Type" field. , If the water truck was designed to be an off-road vehicle, contains an off-road engine, and cannot be registered to drive on the highway, the vehicle would be subject to the Off-Road Regulation and is correctly reported. Additionally, if the water truck has two-engines, and meets the two-engine vehicle criteria of the Off-Road Regulation, both engines of that vehicle would be subject to the Off-Road Regulation. If your vehicle meets these criteria please disregard this email.

If you have questions regarding the Off-Road Regulation or reporting DOORS, or you believe you have received this email in error, please contact the DOORS hotline at 1-877-593-6677 or by email at doors@arb.ca.gov.

Sincerely,
ARB Off-Road Implementation Staff
