Sustainable Transportation Equity Project (STEP)

STEP aims to address community residents’ transportation needs, increase residents’ access to key destinations, and reduce greenhouse gas emissions with grant funding to support clean transportation in your community.

Two Types of Grants Available: Solicitation Deadline August 31st, 2020

</tr>
</tbody>
</table>

Are you a local government, federally recognized tribe or nonprofit community-based organization?

Yes

How much have you engaged community residents to identify and prioritize transportation needs?

Yes

Is your community mostly in disadvantaged or low-income community census tracts?

Yes

Apply for a Planning & Capacity Building Grant.

No

Check the Funding Wizard for other funding programs that may suit your needs.

No

Find a local government, federally recognized tribe or nonprofit community-based organization to partner with to apply for STEP.

No

A little or none at all. More community engagement is needed before we identify transportation projects our residents need.

Yes

Is your community mostly in disadvantaged or low-income community census tracts?

No

No

A lot. Through community engagement, we have a strong understanding of our residents’ transportation needs & priorities.

No

Is your community mostly in disadvantaged community census tracts?

No

No

Yes

Apply for an Implementation Grant.
