Mr. Jared Blumenfeld
Regional Administrator
Region 9
U.S. Environmental Protection Agency
75 Hawthorne Street
San Francisco, California 94105

Dear Mr. Blumenfeld:

The Air Resources Board (ARB) is submitting to the U. S. Environmental Protection Agency (U.S. EPA) *Minor Updates to Yuba City-Marysville PM2.5 Maintenance Plan and Redesignation Request* (Minor Updates) for the 2006 24-hour PM2.5 Standard. On May 23, 2013, we submitted the *Yuba City-Marysville PM2.5 Nonattainment Area Redesignation Request and Maintenance Plan* to U.S. EPA for approval to the California State Implementation Plan (SIP). The Minor Updates provide additional technical information on several Plan elements including: the emission inventory, calculation of the 2024 design values, and contingency measures. ARB approved the Minor Updates on February 20, 2014, as a revision to the California SIP.

This package consists of two hard copies and one compact disk of the following materials:

- I. Public notice evidence and transcript for ARB Public Meeting to consider approval of Plan.
- II. ARB Resolution 14-6 adopting the Plan as a revision to the SIP.
- III. ARB Staff Report, *Minor Updates to Yuba City-Marysville PM2.5 Maintenance Plan and Redesignation Request*.

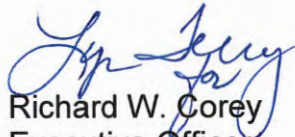

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

California Environmental Protection Agency
