Dear Ms. Strauss:

The California Air Resources Board (CARB) is submitting to the U.S. Environmental Protection Agency (U.S. EPA) the *Update to the San Joaquin Valley PM10 Maintenance Plan* as a revision to the California State Implementation Plan (SIP). CARB adopted the *Update to the San Joaquin Valley PM10 Maintenance Plan* as a revision to the California SIP at its April 27, 2017 Board hearing. This fulfills CARB's commitment to provide a SIP revision documenting the nature and causes of PM10 exceedances that occurred in the San Joaquin Valley in 2013 and 2014 by June 1, 2017.

The package consists of one hard copy and one electronic copy on compact discs of the following items.

1. Public notice evidence for the CARB April 27, 2017 Board hearing to consider approval of the *Update to the San Joaquin Valley PM10 Maintenance Plan*;
2. CARB Resolution 17-14 adopting the *Update to the San Joaquin Valley PM10 Maintenance Plan* as a revision to the California SIP;
3. CARB Staff Report, *Update to the San Joaquin Valley PM10 Maintenance Plan*, and;
4. Transcript for the April 27, 2017 Board hearing.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*
