Part II

Survey Overview and Instructions

SURVEY OVERVIEW

The California Air Resources Board's (ARB) ocean going vessel survey (Survey) is intended to collect information about the various ocean going vessels operating in California's coastal waters. This information is being collected to help update the emissions inventory for ocean going vessels operating in the State and to support emission reduction activities. Below, we have provided information about the Survey in a question and answer format.

What is the ARB's authority to conduct this Survey?

This request for information is made pursuant to sections 39600, 39607, 39665, 39701, 41511 and 43013 of the California Health and Safety Code, title 17, California Code of Regulations sections 91100 to 91102 (CCCR). These sections authorize the ARB to require the submission of information needed by the ARB to estimate atmospheric emissions and carry out its other statutory responsibilities.

Why is the Survey necessary?

The ARB maintains a statewide emissions inventory for all sources of air emissions such as cars, trucks, marine vessels, construction equipment, industrial facilities, and architectural coatings. The ARB's emissions inventory is regularly updated to reflect the most up-to-date emission information, including results of surveys such as this one.

The ocean going vessel (OGV) component in the emissions inventory has not been updated on a statewide basis for more than 10 years. It is necessary for us to gather information about the current in-use fleets entering California coastal waters. That way, we can reflect current fleet populations and provide a more accurate estimate of emissions from ocean going vessels.

The Survey is also designed to provide technical information that will help us develop more effective programs to reduce emissions from ocean going ships and evaluate the feasibility to implement shore-side power connections from the vessel.

Who should complete the Survey form?

All owners/operators of ocean going vessels that operate in California coastal waters are being asked to complete the Survey. OGV's means any marine vessels that meet any of the following criteria:

- (1) a foreign trade vessel with a "registry" endorsement on their United States Coast Guard certificate of documentation, or registration under the flag of another country.
- (2) a vessel greater than or equal to 400 feet in length overall (LOA) as defined in 50 CFR § 679.2, as adopted June 19, 1996.
- (3) a vessel of 10,000 gross tons (GT ITC) or greater per the convention measurement (international system) as defined in 46 CFR 69.51-.61, as adopted September 12, 1989.
- (4) a vessel propelled by a marine diesel engine with a per-cylinder displacement of 30 liters or more (United States Environmental Protection Agency "category 3" engine).

This Survey is not intended to apply to commercial harbor craft such as commercial fishing vessels, tugs, or ferry vessels that do not otherwise meet any of the above criteria.

Do I have to complete the Survey?

Yes. State law requires that you provide the requested information by completing and returning the Survey. If the Survey does not apply to you, please state in the Survey why it does not apply to you and return it to the address indicated.

What information needs to be provided in the Survey?

The Survey requests specific information about each vessel. This includes information related to vessel operation, ownership, and the frequency the vessel visits California ports. The Survey also requests information on the propulsion and auxiliary engines, including the make and model, the horsepower, and the engine's age on the vessel. Information on the typical operating parameters is also requested, including normal cruise speed at sea, average total ship in-use power generated, and California port/berth visits in 2004.

If the Survey information is claimed as confidential, how will it be treated?

The ARB has adopted regulations to protect the confidentiality of trade secrets (Title 17, CCR, sections 91000 to 91022). A summary of ARB's confidentiality regulations can be found in Part II of the Survey on the "Confidential Information Submittal Form." You should fill out this form if you wish to designate any Survey information as confidential.

When do I need to return the Survey, and where do I send it?

Please return the Survey by **February XX**, 2005 to:

California Air Resources Board
Stationary Source Division
Attn: Mr. Paul Milkey
P.O. Box 2815
Sacramento, CA 95812-2815
CONFIDENTIAL MATERIALS ENCLOSED (if applicable)

In an effort to simplify and streamline the data gathering process, we have made the Survey forms available electronically. If you prefer to submit the Survey forms electronically, please see the Electronic Submittal Form in Part II for the information about how to obtain a diskette (or download the Survey from the Internet). To access the Survey on our website, go to:

<http://www.arb.ca.gov/ports/marinevess/marinevess.htm>

Who can I call if I have questions about the Survey?

If you have any questions, please contact the following staff person:

Paul Milkey (916) 327-2957 pmilkey@arb.ca.gov

SURVEY INSTRUCTIONS

Before you begin filling out the Survey form, please read the instructions carefully. Included for your assistance are sample forms.

THE SURVEY FORM

Explanations for each Survey data field are provided below. If you own and/or operate more than one vessel, please complete the engine information (Part II A) and port/berth information (Part II B) for each vessel you own/operate. If you need additional forms, those can be downloaded from the website listed on the previous page. If that method is unavailable to you, please contact Paul Milkey at (916) 327-2957, and he will work with you to make arrangements to get you additional forms.

Part I: Survey Data Fields

Company and Contact Information

Company Name/Division Name: Please enter the name of the company that owns/operates the vessel in the Survey.

Contact Name (and title): Enter the name and title of the person to be contacted by the ARB if we have questions about the information provided.

Address/City/State/ZIP Code: Mailing address, city, state, ZIP code, and country of the company.

Phone/Fax Number: Enter the phone and fax number of the contact person.

E-mail Address: Enter the e-mail address of the contact person.

Confidential: Please indicate as to whether or not you would like the ARB to treat your information as confidential information. If you designate information as confidential, you also need to fill out the confidential information submittal form (**see page III-6 of this package**) and return that to the ARB with your Survey.

Type of Business: Please place a mark (an "x" or a check mark) in the appropriate box indicating whether the business is instead in the deep sea transportation of freight, deep sea transportation of passengers, or another type of ocean going vessel business.

Sign and Date: Please print name, title and date. Sign name in the designated area.

Part II.A: Ship and Engine Information

Ship Information

Confidential: Please indicate as to whether or not you would like the ARB to treat your information as confidential information. If you designate information as confidential, you also need to fill out the confidential information submittal form (**see page III-6 of this package**) and return that to the ARB with your Survey.

Vessel Name: Enter the vessel name for which the data is being provided.

Lloyds/IMO Number: Enter the vessel Lloyds Registration # or International Maritime Organization (IMO) documentation number assigned to your vessel.

Country Flag: Enter the name of the country the vessel is registered under.

Vessel Age: Enter the vessel age. (in years).

Vessel Type: Enter the most appropriate vessel type. (e.g. container, tanker)

Ship Electric Power: Enter the voltage, frequency in hertz , and phase of the power generated for ship board power (such as lighting and navigation) by ships generator(s).

Main Engine Information

Number of Main Engines: Enter number of main engines. For most cargo vessels there will be a single main engine (used primarily for propulsion). For diesel-electric vessels (such as cruise ships) where propulsion is provided by gen-sets that also provide power for shipboard electricity, skip this section and enter gen-sets as an "auxiliary engines".

Engine Type: Please place a mark (an "x" or a check mark) in the appropriate box whether the engine is a diesel piston engine, gas turbine, steam turbine. Only for diesel main engines mark if the engine is a two- or a four-stroke engine.

Engine Make and Model: Please provide the name of the manufacturer and the model of each main engine on the vessel. If there is more than one main engine of the same:

make, model, horsepower, and age, you would write "X2" next to the make and model information.

or,

if there are more than two main engines and they are different types, explain under "comments".

Engine Age in Years: Enter the engine age. (in years)

Rated Power at Maximum Continuous Rating (MCR): Enter the vessels main engine MCR. Please mark the appropriate box, kilowatts or horsepower.

RPM at MCR: Enter the revolutions per minute at the maximum continuous rating.

Fuel Used: Enter the type(s) of fuel(s) used (residual = IFO 180 or 380, distillate = MDO or MGO) and your best estimate of the average percent sulfur content(s).

Normal Cruise Power at Sea: Enter your best estimate of average (normal) cruise power at sea. (Kilowatts or horsepower)

Normal Cruise Speed as Sea: Enter your best estimate of average (normal) cruise speed at sea. (in knots)

Auxiliary Engine Information

Engine Make and Model: Please provide the name of the manufacturer and the model of each auxiliary engine on the vessel. Please do not list emergency generators that would not normally operate in routine service.

Engine Age in Years: Please enter the auxiliary engine age. (in years)

Rated Power at MCR: Please place a mark (an "x" or a check mark) in the appropriate box whether kilowatts or horsepower of each auxiliary engines Maximum Continuous Rating.

Engine Type: Please place a mark (an "x" or a check mark) in the appropriate box whether the engine is a diesel piston, or turbine. Only for diesel engines mark if the engine is a four or a two stroke engine.

Fuel Type: Please place a mark (an "x" or a check mark) in the appropriate box whether the fuel type is residual or distillate and your best estimate of the average percent sulfur level in the fuel.

Average Total Ship In-Use Power Generated: Enter your best estimate for the total power generated from the auxiliary engines, at sea, maneuvering, and hotelling. If you cannot estimate an average put the range in the comment section. Please place a mark (an "x" or a check mark) specifying Kilowatts or horsepower.

Part II.B: California Port Visits

Port of Call Information

Note: Only for ships that visited the same CA port 5 or more times.
(e.g. a vessel that visited the Port of Los Angeles 5 or more times in 2004)
Also, see example form on Page III-4.

Confidential: Please indicate as to whether or not you would like the ARB to treat your information as confidential information. If you designate information as confidential, you also need to fill out the confidential information submittal form (**see page III-6 of this package**) and return that to the ARB with your Survey.

Vessel Name: Enter the vessel name for which the data is being provided.

Total # of California Port Visits: Enter the number of 2003 California visits.

Typical # of California Port Visits: Enter the typical number of California port visits per year.

Month of Visit: Enter the month or number corresponding to the month (e. 7 = July)

Port of Last Call Outside CA: Enter the port name/city of the last port of call.

California Port with Pier/Berth: Enter the California port and the pier/berth #.

Hours at Port: Enter the number of hours the ship was docked at the port.

California Port with Pier/Berth #2 and #3 with hours at Port: If the vessel travels along the California coast to another port, please continue to enter the information requested.

Next Port of Call Outside of CA: Enter the port name/city of the next port of call outside California.

PART III: SUPPORTING ATTACHMENTS**

CONFIDENTIAL INFORMATION SUBMITTAL FORM

If you wish to designate any information contained in your survey data as **CONFIDENTIAL INFORMATION**, please provide the information requested below and return it with your completed Survey form.

In accordance with Title 17, California Code of Regulations (CCR), Sections 91000 to 91022, and the California Public Records Act (Government Code Section 6250 et seq.), the information that a company provides to the Air Resources Board (ARB) may be released (1) to the public upon request, except trade secrets which are not emissions data or other information which is exempt from disclosure or the disclosure of which is prohibited by law, and 2) to the Federal Environmental Protection Agency, which protects trade secrets as provided in Section 114(c) of the Clean Air Act and amendments thereto (42 USC 7401 et seq.) and in federal regulation, and 3) to other public agencies provided that those agencies preserve the protections afforded information which is identified as a trade secret, or otherwise exempt from disclosure by law (Section 39660(e)).

Trade secrets, as defined in Government Code 6254.7, are not public records and therefore will not be released to the public. However, the California Public Records Act states that air pollution emission data are always public records, even if the data comes within the definition of trade secrets. Even so, the information used to calculate air pollution data is not "emission data," and will not be released to the public if it is a trade secret.

If any company believes that any of the information it may provide is a trade secret or otherwise exempt from disclosure under any provision of law, it **must identify the confidential information as such at the time of submission to the ARB and must provide the name, address, and telephone number of the individual to be consulted.** If the ARB receives a request for disclosure or seeks to disclose the data claimed to be confidential, the ARB may ask the company to provide documentation of its claim of trade secret or exemption at a later date. Data identified as confidential will not be disclosed unless the ARB determines, in accordance with the above referenced regulations, that the data do not qualify for a legal exemption from disclosure. The regulations establish substantial safeguards before any such disclosure.

In accordance with the provisions of Title 17, California Code of Regulations, Sections 91000 to 91022, and the California Public Records Act (Government Code Sections 6250 et seq.)

Enter Company Name: _____
declares that only those portions specifically identified (by checking the upper right-hand corner confidentiality box on each form) and submitted in response to the California Air Resources Board's information request on the Survey are confidential "trade secret" information, and requests that it be protected as such from public disclosure.

We have designated confidential information by page for each survey data form submitted by checking (x) the upper right-hand corner confidentiality box.

**EXCERPTS FROM THE CALIFORNIA CODE OF REGULATIONS
PERTAINING TO THE HANDLING OF CONFIDENTIAL INFORMATION:
TITLE 17, CALIFORNIA CODE OF REGULATIONS,
SECTIONS 91000 TO 91122**

Division 3, Air Resources Board
Chapter 1, Air Resources Board
Subchapter 4. Disclosure of Public Records
Article 1. General

§91000. Scope and Purpose.

This subchapter shall apply to all requests to the state board under the California Public Records Act (Government Code Sections 6250 et seq.) for the disclosure of public records or for maintaining the confidentiality of data received by the state board. Written guidelines shall govern the internal review of such requests.

NOTE: Authority cited: Sections 39600 and 39601(a), Health and Safety Code. Reference: California Public Records Act, Chapter 3.5 (commencing with Section 6250), Division 7, Government Code.

§91001. Disclosure Policy.

It is the policy of the state board that all records not exempted from disclosure by state law shall be open for public inspection with the least possible delay and expense to the requesting party.

NOTE: Authority cited: Sections 39600 and 39601(a), Health and Safety Code. Reference: Section 6253, Government Code; Black Panther Party v. Kehoe (1974) 42 Cal.App.3d 645.

Article 2. Board's Requests for Information

§91010. Request Procedure.

The state board shall give notice to any person from whom it requests information that the information provided may be released (1) to the public upon request, except trade secrets which are not emission data or other information which is exempt from disclosure or the disclosure of which is prohibited by law, and (2) to the federal Environmental Protection Agency, which protects trade secrets as provided in Section 114(c) of the Clean Air Act and amendments thereto (42 USC 7401 et seq.) and in federal regulations.

NOTE: Authority cited: Sections 39600, 39601 and 39602, Health and Safety Code.

Article 3. Inspection of Public Records

§91020. Disclosure Policy.

§91021. Disclosure Procedure.

NOTE: Authority cited: Section 39601, Health and Safety Code. Reference: Sections 6253-6257, Government Code.

§91022. Disclosure of Confidential Data.

- (a) This section shall apply to all data in the custody of the state board
 - (1) designated "trade secret" prior to the adoption of this subchapter,
 - (2) considered by the state board or identified by the person who submitted the data as confidential pursuant to this subchapter, or

SECTIONS 91000 TO 91122**

- (3) received from a federal, state or local agency, including an air pollution control district, with a confidential designation, subject to the following exceptions:
- (A) Except for the time limits specifically provided in subsection (b), only subsections (c) and (d) of this section shall apply to information submitted pursuant to Health and Safety Code section 39660(e).
- (B) Appropriate portions of an application for approval, accreditation, or certification of a motor vehicle emission control device or system shall be kept confidential until such time as the approval, accreditation, or certification is granted, at which time the application (except for trade secret data) shall become a public record, except that estimates of sales volume of new model vehicles contained in an application shall be kept confidential for the model year, and then shall become public records. If an application is denied, it shall continue to be confidential but shall be subject to the provisions of this section.
- (C) If disclosure of data obtained after August 9, 1984 from a state or local agency subject to the provisions of the Public Records Act is sought, the state board shall request that the agency which provided the data determine whether it is confidential. The state board shall request that it be notified of the agency's determination within ten days. The state board shall not release the data if the agency determines that it is confidential and so notifies the state board; provided, however, that the data may be released with the consent of the person who submitted it to the agency from which it was obtained by the state board.
- (b) Upon receipt of a request from a member of the public that the state board disclose data claimed to be confidential or if the state board itself seeks to disclose such data, the state board shall inform the individual designated pursuant to Section 91011 by telephone and by mail that disclosure of the data is sought. The person claiming confidentiality shall file with the state board documentation in support of the claim of confidentiality. The documentation must be received within five (5) days from the date of the telephone contact or of receipt of the mailed notice, whichever first occurs. In the case of information submitted pursuant to Health and Safety Code section 39660(e), the documentation must be received within 30 days of the date notice was mailed pursuant to that section. The deadlines for filing the documentation may be extended by the state board upon a showing of good cause made within the deadline

specified for receipt of the documentation.

- (c) The documentation submitted in support of the claim of confidentiality shall include the following information:
 - (1) the statutory provision(s) under which the claim of confidentiality is asserted;
 - (2) a specific description of the data claimed to be entitled to confidential treatment;
 - (3) the period of time for which confidential treatment is requested;
 - (4) the extent to which the data has been disclosed to others and whether its confidentiality has been maintained or its release restricted;
 - (5) confidentiality determinations, if any, made by other public agencies as to all or part of the data and a copy of any such determinations, if available; and
 - (6) whether it is asserted that the data is used to fabricate, produce, or compound an article of trade or to provide a service and that the disclosure of the data would result in harmful effects on the person's competitive position, and, if so, the nature and extent of such anticipated harmful effects.
- (d) Documentation, as specified in subsection (c), in support of a claim of confidentiality may be submitted to the state board prior to the time disclosure is sought.
- (e) The state board shall, within ten (10) days of the date it sought to disclose the data or received the request for disclosure, or within 20 days of that date if the state board determines that there are unusual circumstances as defined in Government Code Section 6256.1, review the request, if any, and supporting documentation, if received within the time limits specified in subsection (b) above, including any extension granted, and determine whether the data is entitled to confidential treatment pursuant to Government Code Section 6254, 6255 or 6254.7 or other applicable provisions of law and shall either:
 - (1) decline to disclose the data and, if a request was received, provide to the person making the request and to the person claiming the data is confidential a justification for the determination pursuant to Government

Code Section 6255; or

- (2) provide written notice to the person claiming the data is confidential and, if a request was received, to the person requesting the data that it has determined that the data is subject to disclosure, that it proposes to disclose the data, and that the data shall be released 21 days after receipt of the notice by the person claiming confidentiality, unless the state board is restrained from so doing by a court of competent jurisdiction. The state board shall release the data in accordance with the terms of the notice unless so restrained.

- (f) Should judicial review be sought of a determination issued in accordance with subsection (e), either the person requesting data or the person claiming confidentiality, as appropriate, may be made a party to the litigation to justify the determination.
