June 20, 2007

To: Interested Community Members and Stakeholders:

As a part of its efforts to promote a comprehensive emissions reduction program, the staff of the Air Resources Board (ARB), in cooperation with representatives from Union Pacific Railroad (UP) and BNSF Railway (BNSF), will conduct a second public meeting in Stockton, California. The purpose of this public meeting will be to provide an opportunity for in-depth discussion of the draft railyard health risk assessments and potential mitigation measures for both the UP and BNSF Stockton railyards. An initial meeting was held on June 5, 2007, to present for review and comment the draft railyard health risk assessments for both the UP and BNSF Stockton railyards. The UP Stockton railyard is located at 833 East 8th Street and the BNSF Stockton railyard is located at 720 South "B" Street; both railyards are located near downtown Stockton.

The date, time, and location for the next meeting is listed below:
