\* The number of gas stations were originally estimated by the number of permitted underground tanks. This overestimated the number of service stations by 101. The number of IWS Facilities were increased by 21 because these facilities were moved from plan & Report category to the IWS category.  $502 - 101 + 21 = 422$

Dear Ms. Shiroma:

The SCAQMD Executive Council has approved the AB2588 billing scheme for FY93/94, the scheme we discussed in our meeting of May 5, 1994. Therefore, I am writing to confirm our facility count for FY94/95 Fee Regulation based on this approved billing list.

In a telephone conversation with Mr. Roger Korenberg on May 13, 1994, Mr. Jay Chen verbally informed your staff the "best estimate" facility count for FY94/95 in an effort to meet your schedule for the preparation of your staff report. The count has not been changed. The following should repeat and confirm the facility count for FY94/95 Fee Regulation:

<u>Program Category</u>	<u># of Facilities</u>	<u># of Small Bus</u>
