Mr. James Boyd, Executive Officer  
c/o Board Secretary  
Air Resources Board  
P.O. Box 2815  
Sacramento, CA 95812

RE: Periodic Smoke Self-Inspection Program For Heavy-Duty  
Diesel-Powered Vehicle Fleets

Dear Mr. Boyd:

I am writing this brief letter in response to ARB mail out #95-14, a "Notice of Public Availability of Modified Text," with respect to the ARB's action is delaying implementation of the periodic smoke self-inspection program for heavy-duty diesel-powered vehicle fleets.

PCL agrees with the Board that the implementation date of the revised program should be January 1, 1996, not July 1, 1996. The purpose of this comment is to urge that staff not attempt, in connection with final action on the regulation, to suggest a further time extension. We believe that prompt action is necessary to begin eliminating excessive particulate emissions from heavy-duty diesel-powered vehicles.

Thank you for considering this comment.

Very truly yours,

Gary A. Patton, General Counsel  
The Planning and Conservation League
