- (7) Form 400 – Effective Date: ARB has checked the “Effective on Filing” box, but in all of its documents state that it is requesting an effective date of January 1, 2014. In order to avoid the potential for an argument that the reporting requirements became effective before January 1, 2014, and because OAL cannot file on January 1, 2014, please change the effective date to January 1, 2014.
- (8) ARB has provided a new expando file with a new Tab 17 for placement of the documents incorporated by reference.
- (9) Substitute the enclosed Economic and Fiscal Impact Statement Form 399 in Tab 8 of the rulemaking file.
