

CALIFORNIA AIR RESOURCES BOARD

NOTICE OF PUBLIC MEETING TO CONSIDER THE PROPOSED COACHELLA VALLEY EXTREME OZONE STATE IMPLEMENTATION PLAN REVISION

The California Air Resources Board (CARB or Board) will conduct a public meeting at the date and time noted below to consider approval of the Proposed Coachella Valley Extreme Ozone State Implementation Plan (SIP) Revision.

DATE: December 10, 2020

TIME: 9:00 a.m.

Please see the public agenda which will be posted ten days before the December 10, 2020, Board Meeting for any appropriate direction regarding a possible remote-only Board Meeting. If the meeting is to be held in person, it will be held at the California Air Resources Board, Byron Sher Auditorium, 1001 I Street, Sacramento, California 95814.

This item will be considered at a meeting of the Board, which will commence at 12:00 p.m., December 10, 2020, and may continue at 8:30 a.m., on December 11, 2020. Please consult the agenda for the meeting, which will be available at least ten days before December 10, 2020, to determine the day on which this item will be considered.

Background

The Coachella Valley (Coachella) was designated nonattainment for the 80 parts per billion (ppb) 8-hour ozone national ambient air quality standard (standard) as a Severe area with a June 15, 2019, attainment deadline. The South Coast Air Quality Management District (District) determined that Coachella did not attain the 80 ppb 8-hour standard by the deadline. Per a request by the District, CARB submitted a request to United States Environmental Protection Agency (U.S. EPA) to classify Coachella Extreme for the standard with a new attainment deadline of June 15, 2024. On July 10, 2019, U.S. EPA classified Coachella as an extreme area for the 80 ppb 8-hour ozone standard.

As a result of the request, California is required to submit a new SIP demonstrating that Coachella can attain the standard by June 15, 2024, along with meeting other Clean Air Act requirements for Extreme ozone nonattainment areas. The District

developed the Coachella Valley Extreme Area Plan demonstrating attainment by the 2024 deadline and addressing all additional Extreme area requirements. The District Board is scheduled to approve the Plan on December 4, 2020.

Proposed Action

CARB staff recommends that the Board adopt the Coachella Valley Extreme Area Plan and direct staff to submit it to U.S. EPA as a revision to the California SIP. CARB staff will present a written report at the meeting. Copies of the report may be obtained from CARB's Public Information Office, 1001 I Street, First Floor, Environmental Services Center, Sacramento, California, 95814, November 10, 2020. The report may also be obtained from CARB's website at <https://ww2.arb.ca.gov/our-work/programs/california-state-implementation-plans/nonattainment-area-plans/south-coast-air>. Because of current travel, facility, and staffing restrictions, the California Air Resources Board's offices may have limited public access. Please contact Bradley Bechtold, Regulations Coordinator, at bradley.bechtold@arb.ca.gov if you need physical copies of the documents. Interested members of the public may present comments orally or in writing at the meeting and may provide comments by postal mail or by electronic submittal before the meeting. To be considered by the Board, written comments not submitted during at the meeting, must be received **no later than December 7, 2020**, and addressed to the following:

Postal mail: Clerks' Office, California Air Resources Board
1001 I Street, Sacramento, California 95814

Electronic submittal: <http://www.arb.ca.gov/lispub/comm/bclist.php>

Please note that under the California Public Records Act (Government Code section 6250 et seq.), your written and oral comments, attachments, and associated contact information (e.g., your address, phone, email, etc.) become part of the public record and can be released to the public upon request.

CARB requests that written statements on this item be filed at least ten days prior to the meeting so that CARB staff and Board members have additional time to consider each comment. Further inquiries regarding this matter should be directed to Scott King, Air Pollution Specialist, South Coast Air Quality Planning Section at (916) 322-2832 or Sylvia Vanderspek, Chief, Air Quality Planning Branch at (916) 324-7163.

Environmental Analysis

CARB has determined that the proposed Plan is a ministerial activity by CARB for purposes of CEQA (14 CCR § 15268). A "ministerial" decision is one that involves fixed standards or objective measurements, and the agency has no discretion to shape the activity in response to environmental concerns (14 CCR § 15369; *San Diego Navy Broadway Complex Coalition v. City of San Diego* (2010) 185 Cal.App.4th 924,

934). Because CARB lacks authority to modify a SIP submittal that fully complies with all federal Clean Air Act requirements, its action here is ministerial. A brief explanation of the basis for reaching this conclusion is included in section K of the Coachella Valley Extreme Area Plan.

Special Accommodation Request

Consistent with California Government Code Section 7296.2, special accommodation or language needs may be provided for any of the following:

- An interpreter to be available at the meeting;
- Documents made available in an alternate format or another language; and
- A disability-related reasonable accommodation.

To request these special accommodations or language needs, please contact the Clerks' Office at (916) 322-5594 or by facsimile at (916) 322-3928 as soon as possible, but no later than ten business days before the scheduled Board meeting. TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.

Consecuente con la sección 7296.2 del Código de Gobierno de California, una acomodación especial o necesidades lingüísticas pueden ser suministradas para cualquiera de los siguientes:

- Un intérprete que esté disponible en la audiencia;
- Documentos disponibles en un formato alternativo u otro idioma; y
- Una acomodación razonable relacionados con una incapacidad.

Para solicitar estas comodidades especiales o necesidades de otro idioma, por favor llame a la oficina del Consejo al (916) 322-5594 o envíe un fax a (916) 322-3928 lo más pronto posible, pero no menos de diez días de trabajo antes del día programado para la audiencia del Consejo. TTY/TDD/Personas que necesiten este servicio pueden marcar el 711 para el Servicio de Retransmisión de Mensajes de California.

CALIFORNIA AIR RESOURCES BOARD

Richard W. Corey
Executive Officer

Date: November 6, 2020

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see [CARB's website](http://www.CARB.ca.gov) (www.ARB.ca.gov).
